

Setting the Scene

**Technical Workshop on Crisis Management,
Project on Hazard and Crisis Management in the Danube Delta**

13-14 December 2011, Chisinau, Moldova
Claudia Kamke, Secretariat

DDP and the Technical Workshop

Objectives agreed for CM

- Identification of areas for improvements for cooperation in case of an emergency (i.e. warning, notification, response, modeling);
 - Identification of areas for improvements when requesting and receiving assistance, esp. in case of a major oil pollution in the DD;
 - Review of compatibility of OfEPs;
 - Draft of action plans for improving crisis management;
 - Inclusion of the crisis management component in bi- or trilateral sectoral agreements; and
 - Creation of public awareness about the importance of crisis management through contact with media.
- ⇒ The technical workshop is initiating the work towards reaching the objectives for CM

Technical Workshop on CM

What will we do?

We will

- discuss national procedures for emergency preparedness and response;
- identify deficiencies in accordance with the Convention's indicators and criteria;
- review good practices on systems for emergency preparedness and response;
- set up the basis for the development of a scenario for exercising.

Technical Workshop on CM

How will we do it?

We will

- present each other the legislative procedures for emergency preparedness and response, including all procedures and agreements relevant for cross-border cooperation;
- discuss the legal basis in the break-out sessions;
- set the basis for further testing the procedures for emergency response in the exercises for the DDP.

Technical Workshop on CM

What will we have reached after the workshop?

We will have

- initiated the discussion on CM:
 - acquired clear knowledge of each others legislation, similarities and differences;
 - got an overview of gaps in the legal frameworks and ideas for improvements, including for transboundary cooperation;
- set the basis for future work under the CM component, in particular:
 - reached a basic agreement on how to develop and evaluate a scenario for the table-top exercise.

Thank you for your
attention!

Let us have a successful workshop!
