THE NATIONAL EMERGENCY RESPONSE PLANNING

DEMCIUK Vladimir

Operative Service

Division Deputy Head of the
Rescue Forces Management Department

THE LEGAL FRAMEWORK OF THE EMERGENCY RESPONSE PLANNING AT NATIONAL LEVEL

1. The Resolution of the Chamber of Ministries № 1567 from 16.11.2001 «On the approval of the emergency response plan at national level»;

2. Law № 1859 from 24.06.2004 «On the legal framework of the civil protection»

THE MAIN TASKS OF THE EMERGENCY RESPONSE PLAN AT NATIONAL LEVEL

1. Organization and realization of the jointly approved complex of organizational and practical activities related to liquidation of the technogenical and natural emergency's consequences at national level by the Technogenical-Ecological Security and Emergency Situations Commission, central authorities, enterprises, institutions and organizations;
2. Provision of the operative response of the authorities, forces and means of population and territory civil protection functional and territorial subsystems, prevention of population death, mitigation of material losses and organization of first-priority life support of the affected population;
3. Systematized and timely assistance of the affected population.

The plan establishes the organizational and practical measures, as well as their procedure, terms, procedures of authorities, forces and means of the System, the necessary financial, material and other resources, including the responsible entities for emergency response at national level, as well as the main activities for liquidation of the consequences.

The ground for putting into operation the plan is the threat or occurrence of emergency situations, that refer to national level.

THE MAIN OBJECTIVES OF THE EMERGENCY RESPONSE PLAN AT NATIONAL LEVEL

1. To determine the deployment procedure of the authorities, forces and means of the System, that are involved in the emergency response, in case of threat or occurrence of an emergency.
2. To provide the timely and equitable assistance to the affected population and local authorities.
